

MAKE MUSIC

JUNE 21

Create Your Own Stage

Make Music Day is a D-I-Y music festival – it is open to all musicians regardless of ability and all genres – the more the merrier

We imagine a day where free, live music will be everywhere on June 21 – on street corners, verandahs and rooftops, in parks, gardens and public spaces, on public transport, shopping places or mountaintops – anywhere you imagine; and of course, Online.

Everyone is invited to join in and make music! Create a local Make Music Day chapter in your area or create your own stage

We imagine Make Music Day Australia to be our national celebration of music making
